Life Of A Star Before The Fame (Journeys Of The Heart Book 3)

Synopsis

Fame. Love. Respect. Lilly DuPont wanted it all, and at the sweet age of 25, Lilly achieved her goals. Sheâ€™s newly engaged with a hot record climbing the charts, Lilly should be over the moon. Unfortunately, her past continues to haunt her and a new secret threatens to end several friendships. Lilly wants so much to release her burdens but remains fearfully reluctant to walk away from the past and step into the truth. Lillyâ€™s dream of being a superstar has always led her footsteps. From the weekends spent at dance, singing, drama, and piano lessons, Lilly was determined to accomplish her dreams. She left home â€”to the dismay of her mother-- at the young age of 18; with a singular focus to take-over Los Angeles and become a star. Lilly soon learned that the glittering flowers of fame were spiked with golden thorns, and sheâ€™d do anything to survive. Throughout her young adulthood, she struggled with her emotional naivety as she â€”jumpedâ€” from body to body, constantly trying to become the main priority in her loverâ€™s lives. Lilly also learns that in a world of prettier faces and frenemyâ€™s, she must decide whether her fight for the spotlight is worth the carnage she leaves behind; and finally Lillyâ€™s small-town values are also put to the test, as she finds herself in predicaments that blur the line of â€”right and wrong.â€” If dealing with the past wasnâ€™t enough, Lilly has on-going issues that havenâ€™t been resolved. The burden of her motherâ€™s constant disapproval of Lillyâ€™s career choice, the pressure of financially contributing to her brotherâ€™s tuition, an ex-lover attempting to join her future, writing another hit, and wedding planning. Ordinarily, Lilly would turn to her best friend for guidance, but an even bigger secret threatens to unravel the 15+ year friendship. With the demons of her past encroaching on her future and the year-long secret sheâ€™s kept, Lilly is frozen in action. Will Lilly refuse to acknowledge her emotional pain and the unintentional hurt she has caused others? Can Lilly release her past to create a new future? How will Lillyâ€™s decisions derail her quest for fame, love, and respect?

Customer Reviews

This was the first book I read by this author. I absolutely enjoyed reading this book and seeing the transition and growth in the main character. This book is truly a written work of a woman's journey through life. There was some editing issues and the jumps between past, presence, and flashbacks was sometimes confusing but it didn't take away from the development of the story. Overall it was a good read. I think this book is the 3rd installment of the series so I'm going to go back and read the other ones. If you are looking for a good story line with just enough drama, love, and issues then this book is for you

Loved it as usual. Quanta has the imagination and creativity as Eric Jerome Dickey. I look forward to many many more books in the future! I am your biggest fan!

This book is jaw dropping and something that needs to keep going which I know it will. But this book along with the other books will have you wanting more
