The Beast And False Prophet Revealed (Bible Prophecy Revealed Book 2)

Synopsis

(Version 1.5 slight updates, April 2016) Michael D. Fortner takes a fresh new look at Bible prophecy and presents strong evidence that the coming beast and false prophet of the book of Revelation are based solidly in Islam and Muhammad. When the head of the beast has a fatal wound, it represents the death of the Ottoman Empire in World War 1. Which means it will come back to life again to wage jihad upon the world. The second beast of Revelation is Islam, the two horns representing the two factions: Sunni and Shite. Islam has encoded in its teachings "murder, lying, plunder, slavery, rape, warfare, and even terrorism as part of its official religious doctrine. Jesus said that the thief comes only to steal, kill and destroy, and this is exactly what Islam has done from its beginning. No other religion so completely fits the description in the Bible of the beast and false prophet than Islam. Islam is different from all the other religions that do not believe in Jesus, because Islam officially declares that Jesus is not the Son of God (Quran 4:171; 18:4-5), which is the Biblical definition of Antichrist: "Who is the liar but he who denies that Jesus is the Christ? This is the Antichrist, he who denies the Father and the Son" (1 John 2:22). Islam ruled the second largest empire in history that stretched from the Atlantic Ocean to the borders of China. Millions of Christians have already suffered and died under Islam's armies of conquest, and Christians are still dying today in Egypt, Iraq, Syria, Nigeria, Sudan, and many other places. The spread of Islam has left a trail of blood, suffering, and destruction like no other ideology in world history. This book includes a history of Islam's war on Christianity. No one could invent a more evil cult. For hundreds of years the Muslims of North Africa captured European ships, and then American ships, and enslaved the passengers and crews. They even raided coastal towns and dragged people out of churches and into slavery where they were beaten and abused in order to pressure them to convert to Islam. This new book presents the history of Islam's war against Christianity to show how and why it is the beast of Revelation. It also includes Daniel 11. The details presented is like no other book. For example: The verses of the Quran are called, "miraculous signs" and Rev. 13 says that the false prophet deceives people with "miraculous signs" (NIV). Fortner's interpretation of Revelation is truly eye-opening. The mark of the beast is also presented with new and enlightening information. Even the image of the beast has a surprising new interpretation. But the beast's empire will not rule the entire planet. The author proved that there will never be a one-world government, many times over, in Book One. This is Book Two in the Bible Prophecy Revealed series. You will get the most out of this book if you have read the first one, titled Discoveries in Bible Prophecy, but it is not required. There are other books out that correlate what Islam teaches with the expected Antichrist, but they do not have the details found in this book. The

author actually proves that some of the details in the other books are wrong. For example, he proves that the new theory on the mark of the beast taught by Walid Shoebat and Joel Richardson is totally wrong.

The trouble with symbolism is that you then have no way to determine if this way of interpreting the symbol is wrong and that way of seeing the symbol is right. Especially when trying to turn items that seem realistic in the way they are written into symbols and then trying to force a symbolic interpretation on them. As in a verse in the Koran about hell. In a section on hell. jolly old Allah enjoys visits to hell to add to sinners torments. One thing he does is replaces the burned off skins with new skins so they can burn off again. The author rips the rest of the section off, and reinterprets it to mean skin being burnt off by a nuclear bomb. He does this because a minority of unnamed

Jihadists think it might be so. That the vast majority of Muslims rightly interpret it as happening in hell (like it says) is ignored. But allegorizing the Koran isn't enough. He does the switcheroo with the Bible too. In Revelation 9, the 5 months of torture without being able to die becomes being drafted into the army. (I admit my drafting into the US Army during the Vietnam War wasn't a picnic, but I never came close to trying to kill myself. Even better, the war ended before I got near a war zone, so didn't have to kill anyone else either.) The stinging scorpion tailed demons doing the torture becomes tattoo machines. (Honest! He really says this.) Now large parts of the book (at least 80%) avoids trips into the fantasy land of making up our own interpretations and sticking with reality, and those are very good. He makes his case and makes it very well. The history of Islam section is sometimes too realistic, as hundreds of millions of people are murdered, enslaved, civilizations destroyed in accurate historic detail. The religion of peace only offers the peace of the grave.
