Shadow Soldier (The Revenant Book 1)

Synopsis

When the Purge nearly wiped out humanity and gave rise to the Allied Races Coalition, Roux Jennings refused to become a paranormal's new pet. Forced into hiding, she remains constantly on the move, never staying in one place for too long. It's a harsh existence filled with too many dangers and not enough food, but at least she's free. Coalition Captain Deke Collins is tasked with protecting the citizens of Trinity Grove—both human and paranormal alike. Presenting the mask of a loyal and dutiful soldier isn't always easy, but it's a necessary evil. If anyone discovers he's the leader of a group of rebels secretly known as the Revenant, he won't live to see the next sunrise. When circumstances force him into the path of a beautiful and tenacious female, he's immediately drawn to the human. Dragging Roux into his world may put her in more danger than even he realizes, but it's a risk he must take to protect her. In a reality where paranormals rule and humans are nearly extinct, lines are drawn, sides are chosen, and a war for freedom rages in secret.

One of the best books I've read in awhile. Seriously, it hooked me in and wouldn't let go. I found myself wanting to hurry through my day so I could finish it. Roux isn't a weak heroine, she's a kickass and independent woman who is still smart. I loved that she was smart enough to not just rush head long into to danger. She actually thought about her actions. Deke is a great hero, he's so willing to give Roux the space and the opportunity to decide what's best for her, while still getting a bit growly possessive. A lot is happening in the world, and some things are definitely changing by the end. I can only hope Ms. Argent writes faster. Like way faster, because I need more of this series. I need more of this world, I can't wait to see who she focuses on next. Since there is a great cast of secondary characters.

So I just finished Hidden Flames by Kennedy Layne (love this new series by her) and there was a teaser at the end for Shadow Soldier. I've never heard of author or this book but the teaser was good enough for me to buy the book to see what happens next. Let me say nice surprise. I enjoyed the story, set up, dialogue and our h/h. Roux is a great heroine and I love how she stuck up for her mate. She didn't run or create unnecessary drama or create a breakup before makeup! Can I get a big Amen for this??? So nice and refreshing and just the story that much better. Deke is a great hero and I loved them together. Looking forward to the next release

Loved this book! I can't wait for the next in the series. The characters were very well written. This book had everything; love, action, comedy, drama. My favorite part is the period scene, I laughed so hard! Deke is totally awesome, very protective and supportive, but not pushy. Roux totally kicks ass! She is a strong heroine, and is not afraid to show compassion. I would recommend this book to everyone!

This is a very dark story of monsters, good & bad, mating, lots of death and war. The good guys get killed in this book and there is a significantly morbid scene, torture and destruction. This was a very imaginative and action packed story, however it wasn't my mind of story. I don't enjoy dark deadly tails so this book wasn't to my liking. I gave this a 4 because it was well written and for the right person this was a good story.

Couldn't put it down until the end, just absolutely amazing characters and the storyline is fascinating with their struggles to survive, challenging situations, twists and turns in what was and what is going

on,also has a wonderful steamy scenes with plenty of emotionally charged moments. Absolutely loved every minute of reading and can't wait to see what happens next and hopefully we will find out on the next addition to this wonderfully written series continues. ^ ^ ^ ^• ^• ^• ^•

This was a very good book. It had a lot of drama, adventure, acceptance, suspense, sex and love. The characters were very believable and interesting. It was a very hard book to put down. The ending of story leads into the second story, can't wait!

Good story line over all, it grabs your attention right from the start, just the story slowed down towards the end of the book. If it were a movie series, I would probably stop watching it if the story line didn't pick back up. when the book ends it didn't keep my interest enough, to want, to jump and order the next book. I did like the story polt and will still purchase the next book in the series.

Shadow Soldier (The Revenant Book #1)Kali ArgentThe world as they knew it was gone. Changed, it was now run, kill or be killed. Roux Jennings was on the run with her little group of survivors. They were ragtag humans left in world where humans were only few of those left. Shifters, vampires and the Gemini ruled now in an only the toughest and strongest survive. They called it the Purge. Afterward the Allied Races Coalition was formed, with everyone on top of humans. North America had been divided into territories, ruled over by paranormal families. Nothing ever would be the same.Roux, Nevah, Cade and her group were trying to get away from Trinity Grove when they were ambushed. This is where Roux meets Capt Deke Collins. Deke was one of group who patrolled the area. Peacekeepers so to speak. Roux was taken aback by his kindness. He allowed her to shower, eat and sleep. Instead of being taken to Bastille where the others were, she stayed with Deke. And took care of her, protected her. Then she meets Abby, another human. Abby belongs to Peter the town baker. Deke and Roux settle into a kind of antagonistic relationship. He protects and she tries to get away. Life goes on. Then people started to disappear. Everyone is on edge. Strange things happen. Who or what is doing it? Is it really safer in town? What is Dekes secret? For these and others answers you need to get a copy and find out. Oh and donâ™t get caught out at night, you just might disappear too!
