Protection And Reversal Magick (Beyond 101)

Synopsis

You could be the target of a spell or curse and not even know it! All people, witches or not, are susceptible to these attacks. The difference: witches and magicians can do something about it. Now you can too. *Protection & Reversal Magick* is a complete how-to manual on preventing, defending, and reversing magickal attacks of any kind. You will learn to: Set up early-warning systems. Appease angry spirits through offerings. Perform daily banishings and make amulets that will prevent most attacks. Make magickal "decoys" to absorb attacks against you. Summon guardian spirits or gods for help. Bind, confuse, or expel a persistent enemy who will not leave you be. These techniques aren't just for Wiccans, either, but for ceremonial magicians, rootdoctors, witches, and anyone else who puts magick to a practical use. Like the cunning men and women of old, now you can defend yourself and your loved ones against even the strongest attacks!

Finally, a book that's not only aimed at Wiccans but witches as well! (If you don't know the difference, you might be part of the problem.) It's so nice to read a book that actually equates witchcraft to a *craft* and not a religion. Anyway, now that that's out of the way, I'll talk about the actual content of the book. This book is exactly what it says it is: a defense manual. While it doesn't go into full-blown cursing, it does present some very interesting techniques of counter-magic. I'll do a chapter by chapter summary now. There are nine chapters in this book, but I'll ignore chapter nine since it's just an epilogue and does not really present any info. Chapter one is titled "Recognizing

Attack" and talks about possible sources and symptoms of psychic/magical attack. Chapter two, "Daily Practices," discusses some practices that the author considers to be important, like: meditation, banishing rituals, and offerings (to spirits, etc.). There are techniques offered for each of these if the reader is interested. Chapter three "Personal Protection" and chapter four "Protection for the Home" go hand in hand. The first discusses things such as personal shields and cleansing baths while the latter focuses on protecting the home via wards, amulets, and spirit traps. Chapter five, "Exorcism," talks about "possession" and "obsession" and how to deal with each. It also discusses the dangers of inexperienced (and even experienced) practitioners performing such rituals. Chapter six, "Spirit Guardians and Servitors" talks about working with various spirits and even creating your own (my favorite magical topic!). Chapter seven, "Reversals and Counter-Magick," is the chapter with the most "meat." It shows you what to do when everything else fails.
