The Best Science Fiction Of The Year: Volume One

Synopsis

To keep up to date with the most buzzworthy and cutting-edge science fiction requires sifting through countless magazines, e-zines, websites, blogs, original anthologies, single-author collections, and more - a task accomplishable by only the most determined and voracious fans. For everyone else, Night Shade Books is proud to introduce the inaugural volume of *The Best Science Fiction of the Year*, a new yearly anthology compiled by Hugo and World Fantasy award-winning editor Neil Clarke, collecting the finest that the genre has to offer, from the biggest names in the field to the most exciting new writers. The best science fiction scrutinizes our culture and politics, examines the limits of the human condition, and zooms across galaxies at faster-than-light speeds, moving from the very near future to the far-flung worlds of tomorrow in the space of a single sentence. Clarke, publisher and editor in chief of the acclaimed and award-winning magazine *Clarkesworld*, has selected the short science fiction (and only science fiction) best representing the previous year's writing, showcasing the talent, variety, and awesome "sensawunda" that the genre has to offer. Neil Clarke is the award-winning publisher and editor in chief of *Clarkesworld* magazine, winner of three Hugo Awards for Best Semiprozine, and the editor of the 2014 cyborg-themed original anthology *Upgraded*. Clarke lives in Stirling, New Jersey.

Customer Reviews

Clarke's version of the Best short science fiction published in 2015. Nice to see a new book anthology for BEST OF -- this is proper, mostly "hard" science fiction and so far every story I have read or re-read here is modern literature at its finest. A MUST HAVE for your SF anthology

collection! - Ken

Move over Strahan and Dozois there's a new anthology on my bookshelf. Blown away by the complexity and variety within these pages For fans of science fiction it is gift from the stars above.

I returned this book. Once I started reading, realised many of the stories were also in The Years Best SF 33rd annual collection. You don't need both. The Year's Best Science Fiction: Thirty-Third Annual Collection
