Learning To Flow With The Dao: The 64 Hexagrams Of The I Ching

Synopsis

The I Ching is the ancient Daoist book of metaphors, written to offer guidance in the inevitable changes of life. The I Ching consists of sixty-four hexagrams, the number of combinations mathematically possible with six solid and broken lines. The broken lines "- -" are yin, or passive, dark, yielding. The solid lines are yang, active, light, reaching. Ancient Taoist scholars recorded meanings for each of the sixty-four combinations. Your future is in your hands. Consult the I Ching for ideas that lead to clear thinking and positive mental attitude. The I Ching teaches you to flow with changes. Create positive change from the inside through conscious living. Take the time to reflect on your attitudes and ideas. This interpretation of the ancient text has been online since 2000 and thousands of visitors have read their I Ching through Surrealist.org. Now it is available in a Kindle edition. Celebrate life on earth and learn to flow with its changes.
