9 Gates Of Chaos Magick: How To Start Practicing Effective Magick

Synopsis

Master Chaos Magick, Master Your Reality: Chaos magick is the cutting edge of the occult, a streamlined practice for causing profound changes in consciousness, and therefore equally massive changes in your life. This short book will guide you through the very basics of starting a practice of chaos magick and seeing how magick can work for you. In this book, you'll enter the 9 Gates of Chaos Magick, and learn:

1. The history of magick, and how it's coming out of the shadows in the 21st century
2. How belief creates reality (and how to change your beliefs)
3. How to properly create and keep a magical record, the most powerful tool in your arsenal
4. How to truly know what you want to manifest using magick
5. Powerful mantras for rapidly shifting consciousness
6. How to create and consecrate sacred space
7. The power of banishing rituals
8. How to create sigils to manifest your desires
9. How to take the next step and achieve mastery of Magick.

Whether you're completely new to Magick or a seasoned practitioner, you'll find material to enlighten and inspire you within. Take charge of your own spiritual evolution!

Customer Reviews

Magick is a valuable aspect of life that everyone who is interested should learn about, but you can educate yourself; for free. In the interest of full disclosure: The author of this book offered, on Twitter, to send a "review copy" of this book to people, for free, in exchange for an review. This review is based on my reading of the review copy. I do not know if the content of the review copy differs from the version you can purchase here in any significant way; though, based on my knowledge of the author, it likely does not. In the email from the author, Jason Louv, from which I received the review copy, something was written to the effect of "good reviews are very appreciated...". It is likely that many of the reviews written here are influenced by these circumstances; especially early ones. In this reader's opinion, taking into account the low price of this book VS it's content, I'd say it's worth the value. If you are new to magick, or are looking for a lucid, rational, facts based summary of the subject, you'll likely be able to appreciate this. It's the commitment to reason and the clarity that I most value about Jason's work; however, know that in addition to a well written and concise "beginners guide" to magick, which is valuable, you are also purchasing an advertisement for Jason Louv's online courses which are comparatively more pricey. You should know that this guy has experience in advertising and NLP (a technique like hypnosis, which you can learn, for free, thanks to the internet). That's primarily where my dislike of the book comes from. If you are so inclined, you can learn everything Jason presents in his book, for free, through your own dedication and hard work.
