Within These Walls: Complete Series Box Set: Series Box Set

Synopsis

All Five Books from the Bestselling Quarantined and Survival Series! The walls went up in Portland. Alissa and Jordan raced to escape both the quarantine and the infection, but when it devoured the world there was nowhere left to run. Questioning their every choice, every thought, even their own sanity, they struggle to survive in the new world. A world that wants them dead. Nine years later Joss and Ryan live with the aftermath. With the undead and the gangs, the violence and the fear. But the worst is yet to come. An old threat has been building and now a war is brewing, one that will change everything they know. One that will bring the walls crashing down.

Customer Reviews

What you must know before purchasing this series: You are getting two very well conceived and executed intertwining stories. The characters are quite real with intriguing nuances and true to themselves always- despite what the reader might want. I found each and every hero/heroine endearing in their own way though as with the narrator (which changes between books) you may find yourself changing allegiances as there are some great twists. Nothing is lacking here. These are ZA books 280-285 (approx.) for me, so it is fair to say that I have read a lot of trash and a lot of

triumph. It says something that I give this series an overall 5 stars, place it amongst the top 5 available series and am bothering to leave a review at all. I am writing this for the consumer as the author is clearly a pro, and after all, I myself now have to find another book/series to read :-(PS There is so much more to be said for this series and because of this, I will perhaps revisit to add more content later as I am not know to wax-on about any, one particular product though I could go on for days in say a book club. Enjoy!

I got this set after passing it up many times. I love "Walking Dead" but couldn't bring myself to start a zombie series. I am so glad that I got this set! Lots of action, EXCELLENT CHARACTERS that you root for till the end. This contains 5 books. The first two are a great foundation from the very beginning of the zombie outbreak. I like the deviations from typical zombie movies, like how this is localized and not worldwide. The 2nd 3 books start over with new characters, (that I think I might even like more than the originals) with the characters from the 1st two books colliding now 10 years into the outbreak. Very cleverly done. This series ends well, with no cliffhangers, which is how I like to end my books/series.

This series has me entranced! Zombie apocalypse books can be cheesy, but not these. The characters are compelling, and some of the concepts brought up made perfect sense. I'm through three of the books so far and will definitely experience a book hangover when I'm done with the series. Well done!

Amazing writing! Four dollars is way to cheap for this book! I read a lot, more than I should ha, and I love that I have found a new author to follow and that she writes more than one book every few years!

This is a well written, exciting series. I read them each individually with Kindle Unlimited, and I liked them enough to purchase the boxed set. The characters are intriguing, complex, and realistic. The story lines are exciting and adventurous, and I'm a sucker for post apocalyptic stuff anyway. My favorite book of the set was Writing on the Wall. I'm excited about her new series, which chronicles the stories of Trent (my personal favorite character) and Vin. A good read overall.

This is hands down my favorite series. It takes your post-apocalyptic story, adds some kick ass main chacters and gives you a zombie book you can't put down. These books are written in joint

POV, which I love and have such strong characters. I didn't know how this book had not climbed the best seller list yet but the author's talent will take her there soon.

Read lots of zombie books lately. This one offered an interesting twist in that the hero suffers from a mental illness. A nice contrast to the typical never miss, never weary superhero. Overall good but not great, perhaps the genre grows old -- but that would be this reader's fault not the author.

When the world is coming to an end, that's when I want to meet the love of my life. What a great story twist. Loved the series.
