## **Customer Reviews**

A definite must read for anyone who is just starting out to the path of Wicca. Author James Aten is very inspiring and breaks all the information down , so it's easy to understand.

I am new to Wicca and wanted a very basic breakdown. Parts 1 and 2 provided that and will be good reference. I was a bit disappointed in the many writing errors, it was more annoying then anything and was pretty simple to figure out the author's meaning.

Excellent resource and clear concise intro to subject and wish I could get hard copy of both vols !

Tons of good, good information. Favorite book on the subject that I've read so far, and I've read a few. Recommend.

I have read several books on wicca, this is very informative and helps put things together. the glossary is great

I felt it cut off too soon. Also the numerology chart was missing.

Books 1 and 2 offer good beginners information that is presented in an organized fashion. I'll seek this author again.

I like the book just some stuff in it is not in the right order for me, does not change the fact it has good info
