Customer Reviews

I have read other books by authors that have compiled Edgar Cayce's material. In comparison, Jeffery Furst has done a great job here. I love this book!!! It strengthened my awareness and understanding on the human race and our relationship with the Creator, Jesus, Angels and many others. I truly felt more love in my heart for self and others, our connectedness, Law Of The One. I was raised a Catholic, graduated from a Catholic college. And indeed it was the education that I received that shook my foundations of what I "know" as truth. I am still a Catholic today. I highly recommend this book. For persons who have not read very much of Cayce's material > it may seem a bit disjointed at first (his readings) but be patient, the flow after a while will begin to make sense. Seasoned readers of Cayce's materials can jump right into this one and get the point very easily. The book starts with Genesis, the real genesis before Adam and Eve's time. This is going back to the time of Atlantis and beyond. It enlightens the reader about the "First Thought Projections" upon the earth (soul forms) made from the Creator. How the angelic beings became en-meshed with human forms of all kinds (animal, plants, mammals and etc.) Proceeding to how other Thought Forms (souls) entered the earth to help release the en-meshed forms. That is just the beginning. After that, Adam and Eve are made by the Creator to perfect the image of his likeness and to inherit

the earth. Essentially, says Cayce, through-out our life our life purpose is to LOVE and HELP each other as we are all "Projected Thought Forms" Our form today is the resulting God Created image. We must all remember where we come from > The Creator - God > the One God.
