PASS CEN!, 1e

Synopsis

Prepare for success on the Certification for Emergency Nurses examination! Not only does Pass CEN! review all the content covered in the current exam blueprint, it includes fun yet challenging learning activities, realistic practice questions, and comprehensive practice examinations. A concise outline format and numerous illustrations make the material easy to read, understand, and remember. Written by a team of expert nursing instructors led by Robin Donohoe Dennison, this unique guide also reviews anatomy and physiology for each core body system. The accompanying online Evolve Exam Review course includes practice exams that simulate the experience of taking the actual exam. This is the all-in-one study tool you can't do without! An easy-to-follow outline format quickly and clearly delineates what you must know to pass the CEN exam. Content follows the most current CEN blueprint and eliminates extraneous information that is not likely to be tested. Learning activities provide fun and stimulating ways to learn critical concepts, such as matching questions, essays, table completion exercises, and crossword puzzles. Anatomy and physiology reviews cover each core body system. Case Related Learning activities include questions on clinical reasoning and decision-making. The online Evolve Exam Review course includes: Approximately 700 practice questions with answers, rationales, test-taking strategies, and suggested references. Randomized questions to let you create up to 150 different practice exams. Self-assessment quizzes that allow you to select 10 to 120 questions by body system, with immediate feedback for answers.

Book Information

Paperback: 832 pages

Publisher: Mosby; 1 edition (December 1, 2010)

Language: English

ISBN-10: 032304879X

ISBN-13: 978-0323048798

Product Dimensions: 8.5 x 1.2 x 10.9 inches

Shipping Weight: 3.7 pounds (View shipping rates and policies)

Average Customer Review: 3.8 out of 5 stars [See all reviews](#) (44 customer reviews)

Best Sellers Rank: #116,431 in Books (See Top 100 in Books) #28 in [Books > Textbooks > Medicine & Health Sciences > Nursing > Clinical > Emergency](#) #33 in [Books > Medical Books > Nursing > Emergency](#) #166 in [Books > Textbooks > Medicine & Health Sciences > Nursing > Test Preparation & Review](#)

Customer Reviews

UPDATE 8/24/11....I have had this book for more than a few months now. I am adding to this review the following:1) I still believe the information in this book is overwhelming to some CEN exam candidates. There is much information that is NOT relevant to the CEN exam in here which "may" dissuade or "overload" a CEN exam candidate.2) I think this book is best used as a reference book for ER practice in general.3) I do like the online questions and answers which appear to be useful to study/review4) I would recommend this book "IF": a) it were thinned down a bit to reflect only CEN exam blueprint material b) it were updated to reflect the July 2011 CEN exam version c) a CEN exam candidate was able to identify the areas that WERE on the test vs those that AREN'T, so they don't feel they have to study EVERYTHING in there.I have revised my star rating for this from 2 stars to 4.+++++Just received my copy the other day and spent some time looking through it and noting the content. I have a few observations:1) The author's credibility as it relates to writing a CEN review book (a) how many times has she taken this exam, and when was the most recent? (b) how much actual time is she spending in the Emergency Department currently taking care of patients? From the credentials listed in/on the book - it appears very little if at all. I think a book written by someone who is currently practicing full-time at the bedside would be more useful. (As well the other two contributing authors seem to have limited Emergency Department experience as well).2) The book content: This is one LENGTHY book.
