Exalted Manacle And Coin

Synopsis

Merchant Princes of Creation Many hate and revile them, yet none turn away their visits. They are members of the Guild, a mercantile organization whose caravans and trading ships cross the face of Creation. They care not for the will of princes or Exalts, but only for profit. Some despise it, while others idolize it, but in truth, the Guild cares not if it is loved or hated, so long as those who do business with it pay their bills in full. **Masters of Jade and Commerce** Manacle and Coin details the Guild, the greatest of that world of Exalted's commercial organizations. Inside are the details of the Guild's structure and methods - and of its abominable trade in addictive drugs and slaves. Manacle and Coin also includes an explanation of the monetary systems of Creation, for Storytellers and players desiring a greater degree of realism in their Exalted games.

Customer Reviews

I bought that book only because it seems quite interesting, all the guild organisation explanation in one book for around 20 box. Well It's really more than what I thought. All about drugs and slaves and the complete hierarchy, history and methods used by the Guild. It's not a must but quite interesting!!

This serves its purpose very successfully! Details about the guild, its trade, more cultural details about everything it deals. And most of all, it gives much information about the different types of money (which is not included in any other supplement). A must if your game is dealing much with money, resources, influence and such.
