Vashikaran Magick: Learn The Dark Mantras Of Subjugation (Mantra Magick Series Book 1)

Synopsis

What you are about to learn right now is rather obscure. In fact, there is only one other book written on this particular topic. It's a hidden side of an otherwise popular spiritual practice. What you will learn is the Dark Mantras of Subjugation called Vashikaran. I call them dark because they are meant to "subjugate" or "command" people and events to your will. Often mantras are associated with pure and spiritual practices. We use mantras to achieve altered states of consciousness, We use them to attract divine blessings. Seldom do we hear about people using mantras to control another person or persons. That kind of thing was relegated to black magick and witchcraft here in the west. But is it truly black magic? Is there actually such a thing as white and black magick in the eastern traditions? Or perhaps we, in the west interpret these things in stark black and white terms? In this book, we will discuss the Vashikaran Mantras and their dark powers.

Works fast! I have a loved one who has horrible work co workers afters months of nothing being done a couple of days after using Vashikaran it was cleared up! You can find some of the chants on the net for free inresponse to some of the other comments but I love the way Baal explains it and he

will answer any questions for you . Baal is the real deal! another update the sitaion ended with my wife gettign a new job and a promotion ...this is my second review i can highly attest to the effectiveness of his teaching. Thank you Baal again!

I love this book of Vashikaran Mantra. It's really powerful. I tried the mantra to control someone and it worked! I chanted the mantra the whole day and seen a slight result, so I decided to recite another whole day and it got stronger. So I did another day which in total 3 days in a row! It worked!

I love working with this little book. I gave it Five Stars because the Mantras work. The only problem is that I would have liked more explanation on some of them. Powerful.UPDATE: I'm soooo glad that Mr. Kadmon provided an Audible book for this. Now, I no longer have to second guess my enunciation. The book works well. I don't mind the errors in the book. The brain works in mysterious ways ;-)Thanks Again!

Baal Kadmon presents a refreshing approach to magick. After this one, I am hooked. I have most his books now and have had great results with his workings. No BS, just what is needed. Don't be put off by the simplicity.

Straightforward. Informative. Clear instructions. This is a book of protection as well. Protects you from unnecessary evil people who don't belong in your life.

This is an excellent book, and the mantras work very well. You can feel the power when using them, and see the results in your life.

Easy to apply, Basic instructions. Can apply at anytime, anywhere, Great for beginners,get started immediately. Phonetically spelled out for ease. Must do as a daily ritual. And be committed.

Question for author: Should I focus on intent before, during and even after I say the mantras? Or is it more of the feelings of Gratitude, and/or receiving? Thanks.

All these mantras can be found on the Internet; and more detailed explanations and their applications as well.
